

Letter of reference

To whomsoever it may concern,

I would like to acknowledge that, Hill Yang (Tsung-han Yang) is a person of good repute and a pro-active member of the student community, here on the Gold Coast. He is also one of the Mayor's Student Ambassadors; a program which is a joint initiative between Study Gold Coast and Office of the Mayor, City of Gold Coast. In this capacity, he shares his student experience on the Gold Coast with the rest of the world through extensive and creative use of social media platforms. Hill goes above and beyond in carrying out his duties as the Mayor's Student Ambassador for the Gold Coast. We are also aware that Hill has been consistently involved in a variety of volunteering opportunities with major events and community programs held on the Gold Coast.

We have found Hill to be very professional and timely in his conduct and are sure he would bring this level of professionalism to any responsibility given to him or the ones that he chooses to perform. He has excellent organizational skills and can work independently. He really is a team player and flourishes in such an environment where he achieves his goals while helping others where needed.

Hill Yang will be an asset to any team or employer and I wholeheartedly recommend him for any endeavor he chooses to pursue.

Sincerely,

Mohit Trivedi

Student Experience Coordinator – Study Gold Coast.
